D. Registration to use SRMS Online

I wish to use SRMS Online (<https://raptormonitoring.org/srms-online>) **to submit my raptor monitoring data.**

Yes or No or N/A

I have set up a MyBTO account. You need a MyBTO username and password to use SRMS Online. If you're already doing a BTO survey online, e.g. BirdTrack, then you should have these already. Otherwise please visit <https://www.bto.org/my-bto> to set up an account before returning this form.

Yes or No

Please supply your MyBTO username :

I would like existing breeding raptor locations that I monitor to be pre-loaded onto SRMS Online.

Yes or No

Scottish Raptor Study Group members ONLY: In order to best support existing ways of working within SRSB branches, typically a separate account has been created for each species within your branch area, and it is these group accounts that you should use to submit your data. Records in these accounts can be seen and edited by the relevant Species Coordinator and Chair within your branch.

I consent to this standard set-up.

Yes or No

E. Registration to take part in Raptor Patch

Raptor Patch is a SRMS initiative focussed on area-based monitoring of widespread species, particularly Buzzard, Kestrel, Sparrowhawk & Raven. **I wish to take part in *Raptor Patch*:**

Yes or No or Maybe

I have already agreed a *Raptor Patch* with the SRMS coordinator <https://raptormonitoring.org/getting-involved/raptor-patch>

Yes or No

You should decide at the outset which species you are going to monitor on your patch, all four, or perhaps just one or two. **The species I am going to focus on monitoring in my patch:**

- Buzzard
- Sparrowhawk
- Kestrel
- Raven

F. Special circumstances – former SRMS contributor

“GDPR” legislation requires consent for data use from all contributors past and present. Please indicate your consent for the SRMS to use and share your records in line with the SRMS Data Sharing & Use Policy (<http://raptormonitoring.org/srms-data/data-sharing-use-policy>).

You may also wish to grant the SRMS permission to make locations you have monitored in the past (together with any breeding data associated with them) available to existing or new SRMS data contributors so that they can continue monitoring them into the future. Alternatively, you might wish to transfer decisions about how your data are used and shared to a specific named individual.

I consent to my raptor records being used and shared in line with the SRMS Data Sharing & Use Policy. Yes <input type="checkbox"/>	
I consent to SRMS staff passing my raptor records on to any other raptor workers to continue/reinitiate monitoring at these locations. Locations <input type="checkbox"/> or Visit data <input type="checkbox"/> or Both <input type="checkbox"/>	
I wish to transfer intellectual property rights on all my raptor records held by the SRMS to the following named individual:	
First Name	
Last Name	
E-mail address	
Phone number (optional)	

G. Special circumstances – completing on behalf of a deceased SRMS contributor

If a SRMS contributor passes away without completing this registration form, a person with the intellectual property rights can give permission for their data to be used. The intellectual rights are passed down with an individual’s estate, so if you are completing this you are likely a family member or close friend of the deceased and we are grateful for you taking the time to fill in this form on their behalf.

We would be grateful for your consent for the SRMS to use and share these records in line with the SRMS Data Sharing & Use Policy (<http://raptormonitoring.org/srms-data/data-sharing-use-policy>). You may also wish to grant SRMS permission to make the locations the deceased SRMS data contributor has monitored in the past (together with any breeding data associated with them) available to existing or new SRMS contributors so that they can continue monitoring them into the future. Alternatively, you might wish to transfer decisions about how their data are used and shared to a specific named individual.
